

SECURITY POLICY

GENERAL

When you logon to the Dysland Pty Ltd T/A Specialty Fasteners (Specialty Fasteners) Online Ordering System (OOS) the OOS will automatically establish a secure link with your browser using 128 bit SSL (Secure Socket Layer) technology. This protects the transfer of information between the OOS and your browser.

CREDIT CARD PAYMENTS

When purchasing from Specialty Fasteners Online Ordering System your financial details are passed through a secure server using the latest 128-bit SSL (secure sockets layer) encryption technology.
